OBSERVABILITY LEADERSHIP STREAM

“Confidence is built on evidence.”

A line from The High Performance Podcast.
It holds for your systems too.

01

THE TRAP

Waiting to feel ready

We’ll test failover once the platform settles. We’ll instrument it after the migration. Readiness keeps moving.

02

THE BANK

Every drill is a deposit

Each failover you have actually run is evidence. Each one you have only planned is a promise.

03

THE MOVE

Book it before you feel ready

Put the game day in the diary first. Then the team works towards it, not around it.
